Welcome & meeting opened	AGM opened by Isabelle Phillips and thanks those for attending.	
2014 minutes	Proposed by Gary Morgan Seconded by Tommy Buist.	
2015 review	<p>Another successful year with a varied meets and events attended by a large number of members over the 12 months.</p> <p>Figures for 2015 showed that the number of attendees at shows events and monthly meets were on a par with the year previous.</p> <p>Scottish Highland Fling was a roaring success with excellent feed back from all those who attended. The Ceilidh came in for special comment as one of the highlights of the weekend, as did the way in which the Saturday runs were organised, being staggered into three groups. The two way radios were invaluable in the slick running of these.</p> <p>When organising an event and once it is fully subscribed by members, a reserve list with members being given first choice and non members second will be monitored. Once this list has been exhausted and there are still spaces available then the spaces will be advertised on Facebook, however those from Facebook will have to register their interest on the BMWCCGB forum, with the emphasis that these non members may become fully fledged member's of the Car Club.</p> <p>Facebook has been of benefit to the region with new members coming from this</p>
